How is the UK changing?
Year 5
Autumn 2

Sticky Knowledge

The United Kingdom lies in Europe, located north-west off the European mainland.

It consists of England, Scotland, Wales and Northern Ireland.

Each country in the United Kingdom is divided into regions. We live in the North West region.

London, the capital city of England, held the 2012 Olympic Games. Events took place in the Greater London region. The legacy of the games will continue until at least 2030.

Coventry in the West Midlands has changed because of the impact of bombing in WW2. It made metal bikes, cars, munitions to support the British Army but it was a target of bombing and it was destroyed.
