

Strand	Key Stage 1			
	Progression statement	What to look for guidance (Working towards expectations)	What to look for guidance (Meeting expectations)	What to look for guidance (Exceeding expectations)
<b>Geographical Knowledge</b>				
<b>1. The UK and local area</b>	G1.1.1. Name, locate and identify characteristics of the four countries and capital cities of the United Kingdom and its surrounding seas.	G1.1.3.A. Can use an atlas to name and locate on a map the four countries and capital cities of the United Kingdom (e.g. using information about how from different countries of the UK, locate them on a UK map. Prepare a 'Great British Picnic' using these foods).	G1.1.3.A. Can name, locate and identify characteristics of the four countries and capital cities of the United Kingdom and its surrounding seas on a map (e.g. using information about how from different parts of the UK, create a map showing where regional foods come from. Prepare a 'Great British Picnic' using these foods).	G1.1.3.A. Can name, locate and identify characteristics of the four countries and capital cities of the United Kingdom and its surrounding seas on a map (e.g. research food that originates from different parts of the UK and create a map showing where regional foods come from, design a 'Great British Picnic' using these foods).
	G1.1.2. Develop knowledge of the human and physical geography of a small area of the United Kingdom.	G1.1.3.B. Know about the local area and name key landmarks, such as the nearest local green space. From a vocabulary list of features of the local area, identify which are human or physical and describe these features.	G1.1.3.B. Know about the local area, and name and locate key landmarks. Create a vocabulary list of the human and physical features of the local area and describe these features and locate them on a map using images or drawings.	G1.1.3.B. Know the local area and its physical and human geography (e.g. investigate how other people view the local area, such as through tourism websites), and create a vocabulary list of the human and physical features of the local area and how people can use and change them, and describe these features and locate them on a map using images or drawings.
<b>2. The world and continents</b>	G1.2.1. Name and locate the world's seven continents and five oceans.	G1.2.2. Recognise and name some continents and oceans on a globe or atlas (e.g. use the name of a continent when describing the location of the habitat of a significant animal).	G1.2.3. Can name and locate the seven continents, and the oceans on a globe or atlas (e.g. use some specific place knowledge of continents to describe the location of the habitat of a significant animal).	G1.2.4. Know the relative location of the continents and oceans to the equator and north and south poles (e.g. use specific place knowledge to describe the location of the habitat of a significant animal in relation to the poles and equator).
<b>Geographical Understanding</b>				
<b>3. Physical themes</b>	G1.3.1. Identify seasonal and daily weather patterns in the United Kingdom and the location of hot and cold areas of the world in relation to the equator and the north and south poles.	G1.3.3.A. Can talk about the day-to-day weather and some of the features of the seasons in their locality. Can show awareness that the weather may vary in different parts of the UK and in different parts of the world (e.g. prepare some questions about the weather to ask a person who lives in one of the capital cities of the UK, ask a peer who has looked at a weather or a weather forecast to answer their questions, and make a simple comparison with the weather in your area).	G1.3.3.A. Can identify seasonal and daily weather patterns in the United Kingdom. Can describe which continents have significant hot or cold areas and relate these to the poles and equator (e.g. prepare some questions about the weather in one of the capital cities of the UK, use a webcam or a weather station to answer their questions, and make comparisons with the weather in your area).	G1.3.3.A. Can talk confidently about how seasons change throughout the year and characteristic weather associated with those seasons. Can describe the pattern of hot or cold areas of the world and relate these to the position of the equator and the poles (e.g. prepare some questions about the weather in one of the capital cities of the UK, use a webcam or a weather forecast for that place to compare local weather, and/or to answer questions from peers about the weather in a role play activity, and include comparisons to the weather in your area in the role play).
	G1.3.2. Use basic geographical vocabulary to refer to key physical features, including: beach, cliff, coast, forest, hill, mountains, sea, canyon, river, soil, valley, vegetation, season and weather.	G1.3.3.B. Can talk about a natural environment, naming its features using some key vocabulary (e.g. make a place in a box that shows the habitat of an animal).	G1.3.3.B. Can recognise a natural environment and describe using key vocabulary (e.g. make a place in a box that shows the habitat of an animal, with several aspects of the environment labelled including the landscape, food and weather).	G1.3.3.B. Can recognise different natural environments and describe them using a range of key vocabulary (e.g. make a place in a box that shows the habitat of an animal and demonstrate creativity and initiative. It should label aspects of the environment including the landscape, food, weather and impact of people).
<b>4. Human themes</b>	G1.4.1. Use basic geographical vocabulary to refer to key human features, including: city, town, village, factory, farm, house, office, port, harbour and shop.	G1.4.2. Can talk about a human environment, such as the local area or a city, naming some features using some key vocabulary (e.g. from a number of world cities from different continents, identify key features of a city from images or a video using a geography bingo card).	G1.4.3. Can identify a range of human environments, such as the local area and contrasting settlements, and describe them and some of the activities that occur there using key vocabulary (e.g. from a number of world cities from different continents, identify key features of a city from images or a video using a geography bingo card, and using two of the images, draw two differences and two similarities to the one which they live).	G1.4.4. Can identify different human environments, such as the local area and contrasting settlements such as a village and a city. Can describe their features and some activities that occur there using a range of key vocabulary (e.g. from a number of world cities from different continents, identify key features of a city from images or a video, identifying two differences and two similarities to the area in which they live, and talk with confidence about which city they would prefer to live in and why).
<b>5. Understanding places and connections</b>	G1.5.1. Understand geographical similarities and differences through analysing the human and physical geography of a small area of the United Kingdom.	G1.5.3.A. Can make observations about, and describe, the local area and the nearest local green space (e.g. make the first page of a 'World Explorer's' book with some reasons why their local area is wonderful). Drawing on ideas from the rest of the class, and using different colours to identify physical and human characteristics.	G1.5.3.A. Can make observations about, and describe, the local area and its physical and human geography (e.g. make the first page of a 'World Explorer's' book with reasons why their local area is wonderful, using different colours to identify its physical and human characteristics).	G1.5.3.A. Can make observations about, and describe, the local area and its physical and human geography, and suggest how they are connected (e.g. make the first page of a 'World Explorer's' book with reasons why their local area is wonderful, using different colours to identify its physical and human characteristics, and drawing this together by annotating an image or map of the local area).
	G1.5.2. Understand geographical similarities and differences through analysing the human and physical geography of a small area of a neighbouring European country.	G1.5.3.B. Can describe an aspect of the physical and human geography of a distant place. Can show awareness of their locality and identify one or two ways it is different and similar to the distant place (e.g. complete a travel document to visit a place they have studied. Be supported in a role play to explain why they wish to visit this place).	G1.5.3.B. Can describe their locality and how it is different and similar to the distant place (e.g. complete a travel document to visit a place they have studied, work with a peer in a role play to explain why they wish to visit this place, mentioning its physical and human characteristics).	G1.5.3.B. Can confidently describe the physical and human geography of a distant place. Can confidently describe their locality and how it is different and similar to the distant place, and suggest why they may be so (e.g. complete a travel document, and act as a travel agent in a role play, and/or confidently explain why people may wish to visit a range of places, including an understanding of the physical and human characteristics of the places).
<b>Geographical Skills and Enquiry</b>				
<b>6. Map and atlas work</b>	G1.6.1. Use world maps, atlases and globes to identify the United Kingdom and its countries, as well as the continents, continents and oceans studied at the year level.	G1.6.3.A. Can use a world map, atlas or globe to recognise and name some continents and oceans. Can use a UK wall map or atlas to locate and identify the four countries and capital cities of the United Kingdom (e.g. locate the continents where different animals live on a blank base map of the world using an atlas).	G1.6.3.A. Can use a world map, atlas or globe to name and locate the seven continents and five oceans. Can use a UK wall map or atlas to locate and identify the four countries and capital cities of the United Kingdom and its surrounding seas (e.g. locate the continents where different animals live on a blank base map of the world using an atlas).	G1.6.3.A. Can use a world map, atlas or globe to locate the continents and oceans relative to the equator and north and south poles. Can use a range of maps and satellite images to locate and identify the four countries and capital cities of the United Kingdom and its surrounding seas (e.g. locate with confidence the continents where different animals live on a base map of the world using an atlas and describe their location).
	G1.6.2. Use simple compass directions (north, south, east and west) and locational and directional language (e.g. near and far, left and right) to describe the location of features and routes on a map.	G1.6.3.B. Can locate places on a map of the local area using locational and locational language (e.g. after a walk to a nearby green space, describe the route taken on a simple base map using everyday directions and locational language prompted by their journey sticks).	G1.6.3.B. Can describe a journey on a map of the local area using simple compass directions and locational and directional language (e.g. after a walk to a nearby green space, describe the route taken on a base map using simple directions and locational language prompted by their journey sticks).	G1.6.3.B. Can describe a journey on a map of the local area using bearing features and landmarks seen on the journey (e.g. after a walk to a nearby green space, describe with confidence the route taken on a large-scale OS map using simple compass directions and locational language prompted by their journey sticks).
<b>7. Fieldwork and investigation</b>	G1.7.1. Use aerial photographs and/or perspective to recognise landmarks and basic human and physical features. Develop a simple map and use and construct basic symbols to label.	G1.7.3.A. Can use aerial photos to identify features of a locality. Can draw a simple map (e.g. create models of landmarks seen on a local walk, and order the landmarks as they were seen on the journey).	G1.7.3.A. Can use aerial photos to identify physical and human features of a locality. Can draw a simple map with a basic key of places showing landmarks (e.g. create models of landmarks seen on a local walk, and order the landmarks and correctly locate them on a large-scale map of the classroom or hall floor).	G1.7.3.A. Can use aerial photos to identify a range of physical and human features of a locality. Can draw a map with a key of places showing landmarks (e.g. create symbols for landmarks seen on a local walk, correctly locate them on a map and construct a key).
	G1.7.2. Use simple fieldwork and observational skills to study the geography of their school and its grounds, and the key human and physical features of its surrounding environment.	G1.7.3.B. Can keep a weekly weather chart based on first-hand observations using picture symbols. Can locate some features of the school grounds on a base map (e.g. go into the playground to observe the weather and record this data, building up a table of information to be discussed and described).	G1.7.3.B. Can keep a weekly weather chart based on first-hand observations using picture symbols. Can locate features of the school grounds on a base map (e.g. go into the playground to observe the weather and record this data, building up a table of information to be discussed and described).	G1.7.3.B. Can keep a weekly weather chart based on first-hand observations using picture symbols, and talk about the data and identify patterns. Can identify features of the school grounds on a base map (e.g. independently take a set of weather measurements using equipment such as a thermometer and homemade rain gauge, and record them).
