Dear Parents/Carers,

We have introduced a program to all year groups at school called *myHappy mind*.

*myHappy mind* is all based around helping children to understand how their brain works and to support them in developing positive skills and habits to be their very best selves!

*myHappy mind* is delivered in schools by class teachers through a series of interactive lessons and then the children apply these learnings throughout the day.

To further embed this learning and ensure that you are able to engage in these topics with your child, *myHappy mind* has developed a free App for parents.

The *myHappy mind* App for Parents is available on both Google Play and on the Apple store. The App allows children to continue to practice some of the habits they have developed at school e.g. happy breathing and for you to learn more about the program too.

To access the App just go to [myhappymind.org/parents](http://myhappymind.org/parents) and you will be guided through the process. We really encourage you to make use of this free App so that you can support your child in getting the best out of the curriculum.

If you have any questions about the curriculum, please contact your class teacher. If you have any technical questions about the app, please contact [hello@myhappymind.org](mailto:hello@myhappymind.org)

Very best wishes,

Mrs Faye Benson  
Assistant Head teacher and SENDCO
